Floriani Total Control - U

Floriani Total Control U software is the most powerful embroidery and digitizing software available today.

With its user-friendly interface, unmatched technique-driven automation tools, and FREE updates for life, makes it the only software you will ever need!

D.J. Anderson (the mastermind behind the FTC-U software) will be here to teach you everything you need to know about the software and how to unlock your creativity using it in your embroidery projects. You don't want to miss this opportunity to learn about the FTC-U software from the person that worked with the developers to create it! Nobody knows and understands the software and its features better than D.J.

If you already own the FTC-U Software, you will love learning how to get the most out of your investment. You'll also learn about all the new, recently added features. You don't want to miss his presentation on using the new Ripple Fill tool, Advanced Auto Digitizing Wizard, Photo 2 Stitches, and so much more!
